### **How the Peter Cauble Family Came to Texas**

Always moving to new land was a tradition among Americans from the founding of the nation. Our ancestors, like most Americans in the eighteenth and nineteenth centuries, kept moving in search of a better life on the frontier.

Peter Cauble and Mary Ann Rotan, our ancestors, were probably married in White County, Tennessee, where Mary Ann's parents, Rosey and William Rotan, had lived since before 1805. Her brother, Richard M. Rotan, served as Captain of the Infantry in Colonel Robert Steele's 4th Regiment of West Tennessee Militia, where Peter Cauble and Mary Ann's kinsman, John A. Rotan, were privates. After Captain Richard M. Rotan's Company was called into federal service in the Creek Indian War of 1813-1814 which was part of the War of 1812, the men saw the potential of new land in Alabama. When they returned to Tennessee, the men loaded up their families and possessions for migrating to that new state.

Peter Cauble and his growing family were counted in Franklin County, Alabama, on a reconstructed 1820 federal census. On 30 August 1822 he received land in Section 14, Township13 South, Range 15 West from the Huntsville Land Office. His close township neighbors were **James Osburn**, **Robert Hughes**, **Eli Waites**, **Jabez Fitzgerald**, **Zachariah Osborn**, and **John A. Rotan**. All were families allied with the Cauble family.

Although the Cauble family may have been content in Franklin and Marion counties, Alabama, for nearly twenty years, the promise of new and free land in the Republic of Texas called. Peter Cauble and his wife's kinsmen again packed for migrating to new land—this time to the foreign country that had recently won its independence from Mexico. Texas became the last home of Mary Ann Rotan and Peter Cauble. Many of their descendants remained in Texas while others continued the migration.

## **President's Letter**

Greetings Kin,

I hope this finds you well and that the downturn in the economy has not had too great an impact on you. We seem to have been affected less than many parts of the country and hopefully things will improve before too long.

The deadline for submitting your application for this year's CPT Todd Christmas Memorial Scholarship is May 1. All family members seeking to advance their education are eligible, including past recipients. Applications should be sent to **Jane Levy**, 12406 Burlywood, Austin, TX 78750. Remember the Board recently agreed to increase this year's scholarship to \$2000.

We just completed our first Cemetery Maintenance Day on Saturday April 18 repairing, straightening, and cleaning headstones of kin in the Prairie Grove and Old Woodbury cemeteries of Hill County and the Bold Springs cemetery in McLennan County. Special thanks to our crew of Linda Jordan, J.D. Biggs, Roy and Lue Hughes, Rusty Lewis, Donnie and Shelly Baize and Mandi Pruet for all their hard work. Also thanks to J.D. and Roy for helping fund the project and to Mimi Irwin for those delicious kolaches. Some of these headstones had been broken and on the ground for years but once again are standing proudly identifying those members of our past generation.

Remember this year's reunion will be June 12 and 13 at the Whitney Theatre in Albany. For those wanting to spend more time visiting and sharing stories, come early on Friday the 11<sup>th</sup>. The Saturday lunch will be catered by **Bill Cauble**, but don't forget to bring you favorite dessert. We will also be holding our popular auction. This year's auction will include a silent auction as well as a live auction with our always-entertaining auctioneer **Dan Chick**. So bring your arts and craft items for the auction. Anyone interested in helping with the silent auction should contact me.

Continue to keep us updated on any change in your address, family news, etc.

Best wishes,

Let me know if you are planning to come to Albany so Bill can cook enough food!

James

## **Repaired Headstones**

Above is an example of the good work done by those who came to repair headstones in Hill and McLennan counties of Texas this spring.

One of the headstones above is that of **Susan Ada Cauble** E74 (5 July 1885 Hill County, Texas-29 December 1886 Hill County, Texas; buried Prairie Grove Cemetery, Hill County, Texas) was a daughter of **Juriah Virginia Vines** and **Charles Monroe Cauble** and lived only one and one-half years. Her headstone had been marking her grave for well over 120 years, although it had fallen into pieces. The crew of family workers repaired it as shown above. Good work! Thanks to those who came to repair the headstones!

# **Family Story**

I was just reading the sermon given at Martin Luther's funeral. I also read a short biography of his wife, Katharina von Bora. Luther called his wife *the morning star of Wittenberg* since she rose at four each morning to take care of her many responsibilities.

She cared for the vegetable garden, orchard, fish pond, and barnyard animals—even butchering the animals herself. Often there were as many as thirty students, guests, or boarders staying in the monastery.

This reading reminded me of my own mother [Ruby Berniece Cauble Willcox], who ran a boarding house the years I was in the second grade through the fifth. We had people with various problems in our house. One lady had to have a nurse and one lady, Mrs. Scape, was blind. We even had grammar school kids that stayed with us. For these four years my mother worked non-stop.

Mother turned the attic into a bedroom. We had four bedrooms on the second floor and she turned the living and dining rooms downstairs into bedrooms.

Mother slept on a small mattress in a little room which was what had been a large walk-in cupboard for food storage. She told me once she was doing all this because Daddy might go blind.

On Sundays we always had lemon and chocolate pies—made from scratch. I am

not sure anyone still has a cabinet with a flour bin like she used.

What my mother did was pure work—much more than working a double shift. She had no union to make sure she got a coffee break, got a raise, or secured other rights. *Mother was a morning and evening star!* 

Martin Luther's wife was born in January 1499 and died in December 1552. She lived fifty-three years.

—James E. Willcox E1447

Editor's note: Ruby Berniece Cauble E144 (16 September 1902 Howard County, Texas-2 July 1969 Memphis, Shelby County, Tennessee; buried Memorial Park, Memphis, Tennessee), a daughter of Mary Elizabeth Johnson and Isaac Butler Cauble II, grew up in Howard County on her parents' ranch. In the years between 1920 and her marriage, she taught at a ranch school in Reagan County. Ruby Berniece Cauble married Puett Lafayette Willcox (10 October 1898 Temple, Bell County, Texas -14 December 1970 Memphis, Shelby County, Tennessee), a son of Mabel Ada Puett and George Ewings Willcox, on 10 June 1922 in Potter County, Texas. The couple had seven children—five sons and two daughters. Ruby Berniece Cauble Willcox was sixty-six when she died.

Bill Hudson ME255 is the only living member of his college football team and possibly of his entire class of 1937. He was the oldest graduate at the St. Edward's University reunion.

Right: William [Bill] Hudson is pictured with his wife, Tomi Cauble Hudson E255, on the day of his recent college reunion. He graduated in the class of 1937 and was inducted into the Golden Guard at St. Edward's University in 2007. He is wearing the medal that distinguishes him as a member of the Golden Guard. Bill and Tomi are regular attendees of the Cauble-Rotan Family Reunion.

The beautiful people above represent five generations of our North Carolina Cauble family. Front row: **Betty Jane Cauble Harris**, her great-granddaughter **Danielle Villeneuve**, and her great-grandson **Grayson James Keyes**, when he was five months old.

Back row: Betty Jane's daughter **Betty Jo Lowery**, and granddaughter **Malissa Ann Loughner**.

Our DNA Project, led by **Revis Cauble Leonard** H23161, has compared results from the testing of Betty Jane's brother, **James D. Cauble**, with the testing of our Peter Cauble descendants to determine that Betty Jane's brother and our family are descended from a common ancestor. We are excited to connect our family through DNA testing to this Cauble family in North Carolina.
